

Curriculum Vitae of Amanullah Refat

Amanullah Refat

31, Fakirapool, Motijheel, Dhaka 1000

+88018432 55836

amanullah.geo.du@gmail.com

I am a motivated and results-driven graduate with a BSc (Hons) in Geography and Environment from the University of Dhaka (CGPA 3.45), specializing in Geographic Information Systems (GIS) and Remote Sensing (RS). My professional background includes experience as a Jr. GIS Analyst and GIS Analyst in Master Plan Preparation projects. I possess professional proficiency in spatial technologies, including ArcGIS Desktop, ArcGIS Pro, and MS Office, with working knowledge of Google Earth Engine (GEE) and Erdas Imagine. I have practical expertise in key GIS functions including Mouza map georeferencing, digitizing, geodatabase management, survey data analysis and visualization, and Image processing & analysis, spatial analysis & modeling, Thermal & Microwave Remote sensing. My research experience spans spatiotemporal analysis of urban expansion, and fieldwork in disaster risk management, public health (Malaria Endemicity), and socio-economic surveys. I am seeking a challenging academic or professional role where I can implement these advanced geospatial skills in areas critical to sustainable development, including spatial-temporal modeling, urban dynamics, environmental sustainability, and Disaster Risk Reduction.

Personal Information

Name	: Amanullah Refat
Present Address	: 31 (1 st Floor), Fakirapool, Motijheel, Dhaka 1000
Permanent address	: Village: 245 Darikandi, P.O. Harirampur 1830, District: Manikganj, Division: Dhaka, Bangladesh
Date of birth	: 17 March 2002
Nationality	: Bangladeshi

Education

2023	BSc (Hons), Department of Geography and Environment, University of Dhaka (CGPA 3.45)
July, 2019	HSC (Humanities), Notre Dame College, Dhaka (GPA 4.67)
May, 2017	SSC (Humanities), Patgram Anath Bandhu Govt. High School, Harirampur, Manikganj (GPA 4.41)

Participation in Training/Workshop

- Completed Training course on **“Geoid Theory and Geoid Software”** offered by MANGO Teleservices Ltd. and MAPTECH (Türkiye) held on 15-17 June 2025 at Survey of Bangladesh (SoB)
- Completed the MOOC on **“Going Places with Spatial Analysis”** (6 weeks) offered by Esri; Completed on March 13, 2024
- Completed online **“Diploma in Remote Sensing – A Theoretical Approach”** offered by Alison; (100% completed)
- Completed the training course both basic and advanced modules on **“Geospatial Application for Disaster Risk Management”** jointly organized by Center for Space Science and Technology Education

for Asia and the Pacific (CSSTEAP) and United Nations Platform for Space based Information for Disaster Management and Emergency Response (UN-SPIDER).

- Completed the MOOC on **“GIS for Climate Action”** (6 weeks) offered by Esri Completed on December 5, 2023
- Participated training program on **“The Signature Project Titled Climate Hero Rotaract: Leading the way in climate actions”** Jointly Organized by Probha Aurora and Rotary club of Dhaka Rising Star in 22 May 2023
- Completed the MOOC on **“Cartography”** (6 weeks) offered by Esri; Completed on April 1, 2023
- Completed online course on **“BLAST DRRM: Introduction to Community Based Disaster Risk Reduction Management”** Completed on July 31, 2022
- Completed the certificate training course on **“The Basics and Introduction to GIS”** offered by Geospatial Science and Research Foundation (GeoSRF) held on 1 August 2021.
- Completed Three years of academic courses relevant to GIS & RS including **Image processing & analysis, spatial analysis & modeling, Thermal & Microwave Remote sensing**

Experiences

- Jr. GIS Analyst for **“Master Plan Preparation for Cox’s Bazar District (MPPCBD)”** at EK Architect–Mango JV, from 07 April 2025 to present
- GIS Analyst of **“Physical Feature and Land use Survey, Cox’s Bazar Master Plan”**, GMGI Solutions Ltd. from 01 December 2024 to 28 February 2025. (Contractual)
- GIS Team Leader in **“An Assessment of Land use Patterns and Socio-economic Dynamics in Merangloa Mauza, Ramu, Cox’s Bazar (2024)”** for academic purposes. My major roles in this project are Mouza map georeferencing, digitizing, geodatabase management, survey data analysis and visualization.
- Field data collection, analysis & documentation of the project entitled **“Cyclone Shelter Accessibility Satisfaction status Index (CSASSI)”** funded by University Grant Commission (UGC)
- GeoData & KAP survey data collection and manipulation of the research project entitled **“The Public Perceptions and Environmental Factors Associated with Malaria Endemicity in Bangladesh”** funded by Virginia Tech, USA
- Quantitative & Qualitative data collection of the project entitled **“Acculturation Level and Cultural Adaptive Strategies of Camp-Dwelling Biharis in Bangladesh”**
- Voluntarily collected observational data for **“Mask Study”** during Covid period in Motijheel area coordinated by GroupMappers.
- Voluntarily provide training on **“OpenStreetMap (OSM)”** and **“Humanitarian OSM (HOTOSM)”** offered by YouthMappers, University of Dhaka Chapter
- Physical and Human Geography related fieldwork for academic program in different aspect including Socio-economic survey in Manipuri community, Sylhet; Hydro-ecological survey in Madhabpur lake; Land use survey in Ramu, Cox’s Bazar

Research / Publications

Hossain, R. B., Ahmed, R., Sharmin, T., Refat, A., & Moni, U. H. (2024). Spatiotemporal Analysis of Urban Expansion and Its Impact on Agricultural Land Degradation and Vegetation Health in Narayanganj District, Bangladesh. Acadlore Trans. Geosci., 3(4), 197-209. <https://doi.org/10.56578/atg030402>.

Membership / Affiliation

- Research Associate, GeoAnalytics & Sustainability Lab (GAS Lab)
- Student Advisor, YouthMappers, University of Dhaka Chapter (2024-25 Executive committee)
- Former Program Affair Secretary, Dhaka University Environment Society (DUES)

Software Skill

Software/ Analytical Platform		Proficiency
ArcGIS Desktop 10.8	:	Professional
ArcGIS Pro 3.1	:	Professional
Erdas Imagine	:	Working Proficiency
MS Office	:	Professional
Google Earth Engine (GEE)	:	Working Proficiency
